5. Project Work:

The students should undertake the Project internship during the summer vacation (For 6 weeks of duration) intervening between II & III Semesters of MBA Program. Project Report Work should be carried out in the Final Year of MBA-Day Program i.e., III & IV Semesters.

The students are required to do project work in any area of Management under the active guidance of Internal Faculty Member assigned to the student.

The Project work usually consists of selecting a Topic / Problem / Theme in any area of management, gather relevant data, analyze and interpret the same in a systematic and scientific manner.

The Project Work should be undertaken under the supervision of the Faculty Member assigned for the purpose. The Project Report should be submitted to the University 30 days (one month) before commencement of Final Semester Examinations.

6. Scheme of Evaluation is a combination of Continuous and Comprehensive Evaluation and End Semester Examination

Rules & Regulations:

The CCE Model incorporates three (3) key components for assessing the specified programs:

i) Continuous Assessment (CA): Students engage in ongoing evaluation, where a total of 30 marks are distributed across three Internal Assessment tests. Each assessment carries a specific weightage of 10 marks, contributing to the overall assessment

ii) Attendance: A portion of the assessment, accounting for 10 marks, is dedicated to tracking students' attendance. This aspect serves as an incentive for active engagement in the learning and teaching process.

iii) End Semester Examination (ESE): The comprehensive evaluation includes a final examination, contributing 60 marks to the overall assessment.

Internship policy (Existing)

Initiatives related to Industry Interaction The department always strives to impart quality education and research to meet the needs of growing industry, society and environment. The college also registered in AICTE Internship Portal and assigned a coordinator to take care the MOUs, student registration approvals and etc.

Following are the initiatives taken to improve industry interaction.

- MOUs are signed between industries and institute for guidance in Higher studies, providing Internship opportunities and conduction of value-added courses/certification course.
- Industry experts will be invited for technical talks on the required subjects/topics, for enriching the knowledge of students for better placement.
- Students will be sent to industries to carry out the project.
- Internship program at college level by industry experts/academic experts are arranged.
- Industrial visits are arranged.
- To keep both students and faculty updated with the latest developments in Business Management and also to strengthen the interaction with industries, the department has conducted guest lectures, seminars, symposiums, workshops and conferences.

Initiatives related to Industry Internship/Summer Training

A. Industrial Training/Tours for students

Department is regularly arranging industrial visit to our students once in a year/semester to different companies to improve the practical knowledge of students and also to get better knowledge about the latest business trends.

B. Industrial /internship /summer training of more than two weeks and post training Assessment

The students are encouraged to take internship program during their semester break for a period of 45 Days. Faculty members give their guidelines, suggestions and contact details of an internship. They also help the students by interacting with the industrial experts, provide the students recommendation letters and other necessary supports. The alumni coordinator constantly interacts with alumni those who are working in the industries and request them to provide necessary guidelines and supports for their graduating student's internship. University has made student internship as mandatory.

Impact Analysis of Industrial Training/Internship

- Students gain exposure to the spirit of entrepreneurship
- Students will get practical knowledge related to their theory subjects
- Students will get an idea about the recent developments in the industries
- Students will improve their communication skills and gain knowledge about industry requirements and modern tools usage
- Students will be able to implement their ideas in their final year projects
